Dear Parents, 01<sup>st</sup> October 2013

The MotherCare family warmly welcomes all the new children who joined us this month. Well the biggest and the most important festival in the Kingdom of Nepal is right at our doors. Vijaya Dashmi or Bada Dashain as it is called is soon going to make the city a place of activities. The tenth day is celebrated by most Hindus as the day of victory. The ‘good over evil’ theory is prominent in the celebrations. We at MotherCare observe Dashain as an occasion to share and cultivate an appreciation for the culture of Nepal. We also take this as an opportunity to extend our contribution towards the community through the ‘Dashain Drive’. We thank all the parents and children who have generously donated old clothes, toys, books etc to our cause.

Along with celebration comes responsibility of taking care of our environment. We believe awareness is better enforced at an early age. We constantly talk to the children about the importance of trees and about pollution and its effects. We firmly believe in the three R’s Re-use, Recycle, Reduce. We would like to request the parents to please bring the used cereal boxes, toilet paper rolls etc so that we could use them for our craft works by setting examples.

Please note that this year we will not be celebrating ‘Dashain Day’ program like last year but instead will be celebrating Tihar Night as usual. More details regarding the program will be sent in the following weeks. We have had a number of parents telling us about not receiving the letters and notices sent from the school, therefore we request you to kindly update your email id at the school office.
Please also note that there will be no swimming from this month onwards until the next season. The staff and children of MotherCare wish you a very Happy Vijaya Dashami. Looking forward to your suggestions and thanking you for your constant support and co-operation.

Yours sincerely,

SRIJANA TAMANG
