Dear Parents, 

01st June, 2013

The kindergarten has been buzzing with various activities along with the teary eyed new-comers, which tells us that the new academic year is well on its way now. We look forward to sharing many fond memories with our children during the year again.

The orientation for new parents and the meetings with key-teachers was quite productive and we would like to extend our gratitude to all the parents who were in attendance. We would appreciate feedback through email. If you have any pressing queries regarding any other issues please do not hesitate to contact us. The presentation will be posted on our website in due time.

Please note that the introduction to Multiple Intelligence and the DMIT testing was an independent presentation. MotherCare has no affiliation what so ever with the ThumbRule Company therefore will not be responsible for any consequences if parents wish to associate with them. However we urge parents to use caution and conduct a thorough research before embarking on the testing procedure.

A small reminder would be to make sure that your child has enough drinking water during the hot summer days and clothing appropriate for the heat. We encourage all the children to take sips of water throughout the day so a small bottle may not be enough. We do have bottled water in the premises if required but this would not be enough for the entire school.
Kindly remember to pack an extra set of clothes clearly labeled with your child’s name even if you think your child does not need them. Remember they are children after all and you never know when they need a change even if it is just for fun during dress ups. Please also note that children should not be sent with precious jewels/rings or lockets. If there is a religious purpose for the item the child has to wear, please kindly inform the teachers. The school will not be responsible for loss of such items.

All children have to have proper swimming equipment/gear on their respective swimming days. They will not be allowed to enter the pool if they do not have even one item.

Thanking you for your constant support and co-operation.

Yours sincerely,

(SAPNA THAPA MRS)
