Dear Parents,

The year has almost come to an end and we would like to extend our gratitude to all the parents who have supported us during the year. We look forward to sharing another fruitful year in 2013.

As you must know that we at MotherCare are extremely aware of the necessities required to ensure that the children are safe to a certain extent within the premises in case of an emergency, which could be a natural calamity or other hazards such as political unrest or violence.

In lieu with the above, we are contemplating on conducting a superficial survey with the help of an engineer who specializes in Earthquake safety procedures during the winter vacation. We will call a meeting to discuss the issues along with a small parent body as soon as we get the detailed report after the assessment. We would need your cooperation and help with regards to this matter. We do have an emergency kit in the shed with food, water, medicines and other essential commodities to last at least three to five days. However, this kit needs constant supervision in order to replenish/replace the perishable items.

The Christmas program will be held on the 21st of December at 11 am. The children will be participating in a very special program so please do kindly consult with your child’s class teacher for dress details. The rest of the program is meant to be a surprise. We will be sending you a proper invitation later in the month.
MotherCare staff is organizing a fun filled winter camp in the school premises from the 2nd of December 2012. This is a fund raising activity and the funds raised after cutting out the expenses, will be used for various purposes in the school such as buying books for the library, replenishing the first-aid kit etc. If you are interested in enrolling your child for the winter camp, please contact Ms. Shehrish or Ms. Tenzing.

We wish you a very “MERRY CHRISTMAS AND A VERY HAPPY NEW YEAR”. See you in year 2013.

Yours sincerely,

(SAPNA THAPA MRS)
